PLEASE NOTE: This map has been developed by the Rhode Island Department of Transportation (RIDOT) to assist experienced and/or commuter cyclists in planning trips on roadways designated as most suitable for bicycle travel. The designated roadways may not be suitable for inexperienced riders or children. Riders should choose routes and trip lengths appropriate for their individual skill level. Bicyclists should use helmets, rearview mirrors and other protective equipment when riding on roadways and bicycle paths.

Although RIDOT has made reasonable efforts to ensure that the information contained in this guide is correct as of the date of publication, the actual conditions cyclists encounter may vary. Neither RIDOT, nor the cities and towns through which the designated roads pass, nor the groups and individuals who have contributed to the development of this bicycle guide warrant the safety or suitability of the routes shown on the map for shared bicycle/motor vehicle use. Bicyclists must remain alert to traffic and changing road conditions and obey traffic control devices.

Bicyclists assume the risk for their own safety at all times when traveling on roadways in Rhode Island. Bicyclists have the same responsibility as motorists to obey traffic laws and regulations. RIDOT and the political subdivisions of the State of Rhode Island assume no liability for personal injury or property damage suffered by users of this map or of designated State bicycle routes.
